- Payment is due prior to date of event.
- Pick-up is preferred. Delivery is available for an additional fee.

**Menu items are subject to change. Please verify item availability.*

The story behind the mission

Grounded Café was built on a simple belief: all people have value, and everyone has possibilities when given the right opportunities to succeed. Created by ADRC of Brown County, Grounded Café works to break down stereotypes and ageism by highlighting the strengths and abilities of older adults and people with disabilities. Accessibility is at the heart of the mission, with adaptive tools and equipment that promote independence and confidence. Grounded University provides inclusive, hands-on culinary and hospitality training, while Grounded on the Go brings the mission into the community through an accessible food truck. Through Local Heritage Meals, Grounded also celebrates diverse traditions and uses food to bring people together.

DONATE TODAY!

**Giving back never
tasted so good!**
